Experience

Stoqs.AI

May 2025 – Present

Product Consultant

Remote

- Leading **feature planning** and **market fit analysis** for an early-stage **stock research platform**.
- Defined **enterprise B2B features** for **onboarding, insights, and lead tracking**.
- Exploring **LLM integrations** for personalized insights and research automation.

Inheaden India

Aug 2023 – Present

Project Manager and Frontend Developer

Bangalore

- Delivered a **Shopify–Airtable ticketing system**; used by **5+ partner brands**; owned **scoping, stakeholder syncs, and documentation** for operational handover.
- Launched a **RBAC-enabled Next.js healthcare portal**, streamlining **clinic order workflows** and **increasing order throughput by 20%**.
- Built a **Next.js platform** for an **automotive service brand**, integrating **invoicing, customer messaging**, and secure **Auth0-based login**; contributed to a **smoother service flow** and **reduced support queries by 15%**.
- Developed a **cross-platform Flutter VR app**, achieving **95% crash-free sessions** and seamless **in-app browsing performance**.

Lummo

Aug 2022 – Mar '23

Software Development Engineer - L1

Remote

- Shipped **messaging features** (file attachments, access control, onboarding via polling) that **improved user onboarding flow speed by 2x**.
- Built a **WhatsApp Chat SDK + Rich Text Editor** that led to **18% increase in customer response rates** for merchants.
- Integrated **ReCAPTCHA workflows** and collaborated on **chat interface improvements, reducing spam interactions by 70%**.

SuperHire

Sept 2021 – Mar '22

Product Engineering Intern

Kochi

- Built and launched **MVP from scratch** using **ReactJS and hapi.js** stack, enabling internal teams to onboard **10+ early users** for validation.
- Collaborated with **founders** to iterate rapidly on early features, **improving candidate-screening experience in 4 weeks**.

CIED Technologies

Mar – July 2021

Backend Django Developer Intern

Remote

- Developed **12+ RESTful APIs** using **Django/PostgreSQL**, supporting **real-time service orchestration** for a **ride-hailing app**.
- Contributed to **3+ major releases** and resolved **20+ backend bugs** in production, **improving system uptime by 15%**.

Education

Airtribe

Feb - May 2025

Product Management Career Launchpad

Remote

College of Engineering, Trivandrum

2018-'22

B.Tech in Electronics and Communication Engineering

CGPA: 8.89
